

CLAIMS

## WHAT IS CLAIMED:

- 5 1. A low moisture, reduced fat, lipid-based filling comprising at least about 20% non-digestible lipid, wherein said filling has a water activity of less than about 0.6.
2. A low moisture, reduced fat, lipid-based filling comprising:
  - (a) at least about 20% non-digestible lipid; and
  - 10 (b) the balance being optional ingredients; wherein said filling has a water activity of less than about 0.6.
3. A low moisture, reduced fat, lipid-based cheese filling comprising:
  - (a) from about 20% to about 60% non-digestible lipid;
  - 15 (b) from about 20% to about 75% dehydrated cheese powder; and
  - (c) from about 0% to about 55% bulking agent; wherein said filling has a water activity of less than about 0.6.
4. A food product comprising:
  - 20 (a) the lipid-based filling of Claim 1, 2, or 3; and
  - (b) a substrate.
5. A low moisture, reduced fat, lipid-based filling comprising at least about 20% lipid, wherein said lipid comprises:
  - 25 (a) from about 20% to about 100% non-digestible lipid; and
  - (b) from about 0% to about 80% digestible lipid.
6. A low moisture, reduced fat, lipid-based filling comprising:
  - (a) at least about 20% lipid, wherein said lipid comprises:
    - 30 (1) from about 20% to about 100% non-digestible lipid; and
    - (2) from about 0% to about 80% digestible lipid; and
  - (b) the balance being optional ingredients.
7. A low moisture, reduced fat, lipid-based cheese filling comprising:
  - 35 (a) at least 20% lipid, wherein said lipid comprises:
    - (1) from about 20% to about 100% non-digestible lipid; and
    - (2) from about 0% to about 80% digestible lipid;
  - (b) from about 20% to about 75% dehydrated cheese powder; and
  - 40 (c) from about 0% to about 55% bulking agent.

8. A food product comprising:
  - (a) the lipid-based filling of Claim 5, 6, or 7; and
  - (b) a substrate.
